PROFESSIONAL EXPERIENCE

Web Developer

Venus Vacations Pvt. Ltd – Mumbai

Jul 2024 – Present

- Spearheaded the development of a self-booking tool to enhance user autonomy and streamline the reservation process.
- Designed and deployed responsive web interfaces using React and Tailwind CSS.
- Integrated backend services with APIs to ensure seamless booking operations.
- Continuously optimized application performance based on analytics and feedback.

Application Development Associate

Accenture – Bengaluru

Dec 2022 – Jul 2023

- Contributed to the development of scalable enterprise applications using modern frameworks.
- Maintained clean and maintainable code in agile workflows.
- Participated in all development phases including analysis, testing, and deployment.
- Collaborated across teams to resolve performance issues and enhance application usability.

PROJECTS

Task Manager App - Live Demo

React, Node.js, MongoDB, Express.js, Tailwind CSS

- Developed a secure full-stack application with JWT authentication and full CRUD support.

- Implemented task management features including filtering, sorting, and real-time updates.

Blog App - [Live Demo](#)

React, Node.js, MongoDB, Express.js, Tailwind CSS

- Built a blog platform with authenticated user flows and CRUD operations for posts and comments.
- Added tag-based filtering and responsive UI with optimized backend integration.

Weather Dashboard - [Live Demo](#)

React, OpenWeather API, Vercel, Railway

- Created a real-time weather dashboard supporting geolocation and manual search.
- Integrated API data with elegant UI for temperature, humidity, and forecast display.

Additional Projects

- [URL Shortener](#) – React + Express + MongoDB.
- [Expense Tracker](#) – React + Tailwind CSS.
- [E-Commerce UI](#) – React + Styled Components.
